November 17, 2009

To,
CEOs of all General Insurance Companies,

Re: Stoppage of Professional Services by Surveyors on 7th & 8th December 2009.

We have received a communication from the President of Indian Institute of Surveyors & Loss Assessors (IISLA) that surveyors will stop providing professional services in respect of any claim on 7th & 8th December 2009. Hence in the interests of policyholders' servicing, the Authority has decided keeping also in view the provisions of Section 64UM(2) that in case the services of surveyors are not available, insurers may make use of in-house surveyors for survey and assessment of losses during the period of such stoppage of work by surveyors.

This is without prejudice to any action that the Authority may take against surveyors who are involved in any wrongful act/s.

This has the approval of the Competent Authority .

(Prabodh Chander)
Executive Director
